

# AES Clean Technology Value Proposition 1109

- Product: Cleanroom
  - Value Proposition: Complete Solutions from design through operation
  - Product Quality: Protects against air contamination
  - Safety: Protects workers from harmful product
  - Capacity: rooms designed to maximize output
  - Operations: minimizes downtime and maximizes worker comfort
  - Timing: Shortest date to start up
  - Energy: Most efficient air movement
- 

# AES Guarantees Comfort and Protection

- The only USA-based cleanroom company that self-performs design, manufacturing, and installation of cGMP modular cleanroom facilities. Working with AES, you can rest assured that your cleanroom project is designed and built on time and on budget, guaranteed. Our expertise in cleanroom solutions combined with our focus on your project success is second to none
- **Guaranteed modular cleanroom solutions for:**
  - Temperature
  - Humidity
  - Pressurization
  - Cleanliness
  - Containment
